#### **Copyright**

Upon acceptance of an article, authors will be asked to complete a 'Journal Publishing Agreement'. Subscribers may reproduce tables of contents or prepare lists of articles including abstracts for internal circulation within their institutions.

**Permissions:** Authors wishing to include figures, tables, or text passages that have already been published elsewhere are required to obtain permission from the copyright owner(s) for both the print and online format and to include evidence that such permission has been granted when submitting their papers. Any material received without such evidence will be assumed to originate from the authors.

**Tables:** All tables are to be numbered using Arabic numerals. Tables should always be cited in text in consecutive numerical order. For each table, please supply a table caption (title) explaining the components of the table. Any previously published material must be identified by giving the original source in the form of a reference at the end of the table caption. Footnotes to tables should be indicated by superscript lower-case letters (or asterisks for significance values and other statistical data) and included beneath the table body.

**Artwork and Illustrations Guidelines:** For the best quality final product, artwork, photographs, line drawings, etc., should be submitted in an electronic format. Black and white graphic should be submitted with no shading. Lines and/or lettering must not be faint. Lettering within the figures should be legible at final size. They should be consistently sized throughout the final-sized artwork, usually about 2–3 mm (8–12 pt). All lines should be at least 0.1 mm (0.3 pt) wide. Scanned line drawings and line drawings in bitmap format should have a minimum resolution of 1200 dpi. Fees are requested for color artwork.

**Figure Numbering:** All figures are to be numbered using Arabic numerals. Figures should always be cited in text in consecutive numerical order. Figure parts should be denoted by lowercase letters (a, b, c, etc.).

**Figure Captions:** Each figure should have a concise caption describing accurately what the figure depicts. Include the captions in the text file of the manuscript, not in the figure file. Figure captions begin with the term Fig. in bold type, followed by the figure number, also in bold type. No punctuation is to be included after the number, nor is any punctuation to be placed at the end of the caption. All elements found in the figure should be identified in the figure caption; and boxes, circles, etc., are used as coordinate points in graphs. Previously published material should be identified by giving the original source in the form of a reference citation at the end of the figure caption.

**Proof reading:** The purpose of the proof is to check for typesetting or conversion errors, completeness and accuracy of the text, tables and figures. Substantial changes in content, e.g., new results, corrected values, title and authorship, are not allowed without the approval of the Editor.

**Publication charges:** The *SJDfs* charges 150 Pounds for the reviewing process and a publication fee of 50 Egyptian Pounds per black and white page. Ordering reprints with coloured plates will cost 100 Egyptian Pounds per the coloured page. Corresponding authors will receive free 5 reprint copies in addition to the issue.
